**POLICY DOCUMENT ON ENVIRONMENT AND ENERGY
USAGE**

POLICY :

- To provide a clean and green environment in and around the campus .
- It has been decided to take sustainable initiatives for environmental protection and efficiency energy usage.
- Efficient land use pattern to be implemented by optimizing green coverage.
- The collage has to adopt means for energy – saving technology and proper management for the segregation of wet and dry waste.
- Planting of trees to reduce heat consumption.
- To minimize the use of non- recyclable waste
- To sensitize students not to use plastic
- Pedestrian –friendly pathway.
- To introduce steps towards the use of less paper.
- **NO SMOKING CAMPUS**

KONKAN UNNATI MITRA MANDAL'S
VASANTRAO NAIK COLLEGE OF ARTS, COMMERCE
AND
BARRISTER A.R.ANTULAY SCIENCE COLLEGE, MHASALA
DIST. RAIGAD - 402 105.
(Affiliated to University of Mumbai)

Shri. Mushtaq Antulay, President, Konkan Unnati Mitra Mandal, Mumbai

POLICY OBJECTIVES:

- To sensitize students towards a clean green and sustainable environment
- To use LED bulbs and other energy-saving devices within the campus.
- Encourage the use of public transport for the conserve of natural resources.
- To sensitize students not to use plastic
- To make the campus lush green, thus to reduces the impact of soil erosion.

Policy Implementation:

To achieve the objectives, the college has already implemented its environmental policy in the following areas:

- **Energy and Water Saving** : The staff members and students lead initiatives to save significant electricity and have developed a policy for reducing electricity consumption by using LEDs and replacing the old tube lights with LEDs. We display placards containing notifications regarding Switching off Lights & Fans in every class while leaving the classroom. Similarly, at every classroom, all lights, fans, and switches have been prominently numbers to minimize the misuse of electricity.

- **Say no plastic** : Teaching and non-teaching staff members and students are fully aware of plastic pollution and are motivated to avoid the use of plastic. Students, teaching and non-teaching staff practice minimum or no use of plastics in the campus. Similarly, in every class. We display a banner & posters of 'Say No to Plastic' in the college campus. Similarly in every class, we display placards containing notifications regarding 'Say No to Plastic'. 'Stop Using Plastic' 'Save Environmental' etc. the Institution also encourages the students to use Cotton Bags instead of Plastic. The Institutions also celebrates Green Day to create awareness about Global Environment Issues.

- **Tree Plantation:** NSS, DLLE & Botany Department In our college Students Planted Medicinal, wild and Flowering Plants. Floral Green

Bed has been prepared on both sides of the pathway from the entry gate. Composting has been initiated to prepare manure by recycling canteen waste for maintaining eco-friendly campus.

- **Green Audit & Environmental Audit:** college has been conducted Green Audit & Environmental Audit to safeguard the environmental, energy conservation, use of renewable sources, etc. the college has been taken a maximum effort to maintain our campus eco-friendly.
- **Paperless office:** The process of the paperless office and the use of E-documents for routine work has been started. To minimize the use of paper.
- **Waste Management:** The College has installed compost pits for making compost from the garden waste such as leave and grass clippings.

The Institution has facilities and initiatives for

1. Alternate Sources of energy and energy conservation measures:

I.USE OF LED BULBS-

As a step towards energy saving, total lightings of class rooms, labs, office, staffroom, library guest room, canteen, ladies common room, washrooms are replaced with LED panels. It is Long life. The components of an LED and the way that they generate light significantly extend the lifespan of these bulbs. The outcomes of LED panels is energy efficiency, high brightness and intensity, Exceptional colour range, Low radiated heat, Reliability, Instantaneous illumination, Directional lighting. There are total 170 LED panels in our college.

➤ SENSOR-BASED ENERGY CONSERVATION-

Our college are using the equipments. which are saving energy. Also purchasing the instruments with 4 star to 5 star power consumption and saving the electricity. The motor pump used for filling our underground tank automatically shuts off after filling water.

AUTOMATICALLY SHUTS OFF AFTER FILLING WATER

Hot Air oven power consumption and saving the electricity

The Institution has facilities and initiatives for

2. Management of the following types of degradable and non-degradable waste-

1. Solid waste management

In this regards the college gives top priority to keep the campus clean and eco-friendly. The faculties and students are regularly advised to reduce waste at lower extent. Dust bin are provided at proper places throughout the campus to collect dry wastage. We dispose all the solid waste in our college in a collective pit. Two different types of solid waste are wet waste and dry waste. After collecting all the waste, give as much water as required. After this waste is wetted add air to mix. Aeration in these pits accelerates the decomposition process. All the decomposed matter in this volume is then used as fertilizer for the plants.

Compost pit

◀ HOW TO MAKE COMPOST

1. CHOOSE A PLACE:

IDEAL COMPOST AREA IS A DRY SHADY SPOT NEAR A WATER SOURCE WITH DIMENSIONS OF 3'3 FEET.

2. ADD THE INGREDIENTS:

THE INGREDIENTS ARE THOSE RICH IN CARBON (BROWN MATERIALS) AND THOSE RICH IN NITROGEN (GREEN MATERIALS) MAKE SURE LARGE MATERIALS ARE CHOPPED.

3. ADD WATER AS NEEDED:

MAKE SURE THE PIT STAYS MOIST BUT NOT TOO WET (IT SHOULD FEEL LIKE A DAMP SPONGE).

4. KEEP THINGS MOVING:

TURN YOUR COMPOST MIXTURE TO ADD AIR TO THE MIX. THIS HELPS SPEED UP THE COMPOSTING PROCESS.

5. WAIT A WHILE:

WHEN THE COMPOST NOT LONGER GIVES OFF HEAT AND BECOMES DRY BROWN AND CRUMBLY IT'S FULLY COOLED AND READY TO FEED TO THE GARDEN.

2. Liquid waste management

A total of six underground tanks were constructed in our college for liquid waste management. All these tanks are divided into three parts. Liquid waste is generated from Science laboratories, guest room, toilet, office, ladies common room and canteen.

Liquid wastes generated by the college are of two types:

1. Sewage waste.
 2. Laboratory, residential washing and canteen effluent.
- The liquid wastes are mainly drained to improve the ground level of water.

3. Hazardous chemicals and radioactive waste management

College has proper waste management system. Use of hazardous liquid chemicals generating hazardous fumes is avoided. The liquid waste chemicals mixed water from laboratory transferred directly into soak-pit collection tank which covered properly to avoid future harmful incidents. Used volatile organic solvents like. Alcohols, ethers, chloroform etc are regained by using some analytical techniques and reused those solvents, which indirectly diminishes hazardous scale of chemical liquid wastes and also cost effective.

4.E-waste management

The electronic wastes collected is stored in store room and disposed every year accordingly. E-wastes are generated from computer laboratories, Physics Labs, Chemistry Lab, Botany Labs, Academic and Administrative Offices. The e-waste includes out of order equipments or obsolete items like lab instruments, circuits, desktops, laptops and accessories, printer, charging and network cables, Wi-fi devices, cartridges, sound systems, display units, UPS, Biometric Machine, scientific instruments etc. All these wastes are put to optimal use. All such equipment's which cannot be reused or recycled is being disposed off through authorized vendors. All e-waste materials are auctioned after five years.

The Institution has facilities and initiatives for

3. Water conservation facilities available in the institution-

1. Maintenance of Water Bodies-

The Institution facilities, for water conservation in basic necessities like water. The institution functions with the help of ground water. There are one bore wells with 80 150 feet and with the nagar panchayat water which comes in every day. The institution has a good storage of ground water, drinking water and water for cleaning purpose. 55000 litres capacity underground tank is exclusively set for Fire-Safety and it gets filled with rain water. This tank water supply in office ,guest room ,staffroom, botanical garden, labs and washrooms. the College has rain water harvesting pits, which function efficiently during rainy season. It is made mandatory to clean and disinfect water holding tanks at least monthly once or more often, if required. This is to remove algae (plant growth which produces bad tastes and odours), silt, and bacteria which may be harmful. Cleaning methods which are followed

1. Empty the tank.
2. Scrub or pressure washes the interior walls to remove dirt and grime.
3. Rinse out the tank.
4. Mix a solution of household bleach and water (1 tablespoon or 15 ml of bleach for every gallon of water).
5. Scrub or pressure wash the interior walls of the tank with this solution, and leave it sit for 2 hours.
6. After 2 hours, thoroughly rinse the tank with clean water.
7. Refill with potable water.

2. RAIN WATER HARVESTING

Water scarcity is a serious problem throughout the world for both urban & rural community. Urbanization, industrial development & increase in agricultural field & production has resulted in overexploitation of groundwater & surface water resources and resultant deterioration in water quality. The conventional water sources namely well, river and reservoirs, etc. are inadequate to fulfill water demand due to unbalanced rainfall. While the rainwater harvesting system investigates a new water source. The institution has installed a rainwater harvesting system to ensure the supply of ground water. Rainwater harvesting is done at several points throughout the campus.

All the water that falls on the roof during monsoons is collected. All this water is collected in a water tank at the backside of college with the help of a pipeline. This water is used in the college for three months of monsoon.

4. Green campus initiatives include:

1.Landscaping with trees and plants

Every year during rainy season, NSS, DLLE, Department of Botany takes the initiative of plantation inside the college campus. The college takes the advantage of free plant from nursery and plantation takes place every year inside the campus. The college has developed a Mango, Guava , Almonds, Cashew, Chiku, Pineapple, Custard apple with 165 plants in around 7 acres of land. Around 100 samplings of medicinal plants are neem, Ashoka, banyan,Pimple,Amla, Jamul, have been planted. In a location inside the campus.40 Different flowering plants have been Planted.20 spice plants are also planted over last five years.The campus is full of the tree and looks beautiful. thus maintaining the Campus clean and Eco-

friendly.

Activity Report

Activity :-Vrukshvatap (Tree Distribution)

Date: - 13/08/2018 (Tuesday)

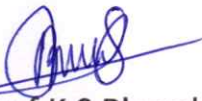

Time :- 10:00 am

The D.L.L.E department at Vasantnao Naik College of Arts, Commerce, and Science in Mhasala-Raigad hosted the "Vrukshvatap (Tree Distribution) Program" on Tuesday, August 13, 2018.

Objective of the activity-

- 1) To provide the saplings of various trees to students;
- 2) To guide the students about tree plantation.

Total 37 students in all took part in this activity, and the college gave students and staff 55 saplings of different species. The DLLE unit team also instructed all of the students on tree planting, fencing around saplings, watering, and other aspects of plant survival. The entire personnel, both teaching and non-teaching, helped the DLLE unit as well.

Activity

Name of the event: Tree Plantation Campaign

Date: 16/10/2018 (Wednesday)

Time: 11.30 am to 1.30 am.

Venue: Aadivasiwadi

Report:

The D.L.L.E unit of Vasant Rao Naik College of Arts, Commerce and Science, Mhasala-Raigad had taken a lead in promoting environmental awareness through tree plantation drive. The preparations began immediately after the date of 'Tree Plantation Campaign' was fixed.

tree plantation started in the college premises through D.L.L.E unit on Wednesday, 16th October 2018 at exactly 11.30 o'clock in the morning. Initially, all professors of D.L.L.E unit guided all the students about tree planting and reminded them about what care should be taken during tree planting. After that, all DLLE students gathered on the college campus, went to site and cleaned the area of plantation.

Firstly, our Hon'ble Principal inaugurated the tree plantation. Total 61 students, faculty members and non-teaching staff participated enthusiastically in this tree plantation campaign. Total of 110 saplings of various plants were planted.

Activity Report

Activity :-VrukshDindi

Date: - 23/08/2019 (Monday)

Time :- 11:00 am

Vasant Rao Naik College of Arts, Commerce, and Barrister A.R. Antulay Science College, Mhasala-Raigad has organized "**VrukshDindi Program**" on Monday, 23rd Sept. 2019 through D.L.L.E. department.

Objective of the activity-

- 1) To create awareness about tree plantation and conservation;
- 2) To commit students themselves with environment conservation

The "**VrukshDindi**" was started from college and ended at the centre of the Mhasala village. Students carried various banners and posters indicating need of tree planting and conservation. Altogether 53 students, teachers and other participated. The "**VrukshDindi**" was concluded with 'National Anthem of India' and various slogans given by students which created awareness in society about environment.

Our Ho'ble Principal, all teaching and non-teaching staff also assisted the "**VrukshDindi**".

Activity Report

Activity :-Vruksh Dan (Tree Donation)

Date: - 02/02/2022 (Wednesday)

Time :- 10:00 am

Venue: -college campus

Vasant Rao Naik College of Arts, Commerce, and Barrister A.R. Antulay Science College, Mhasala-Raigad has organized "**VrukshDan (Tree Donation) Program**" on Wednesday, 2nd Feb 2022 through D.L.L.E. department.

Objective of the activity-

- 1) To provide the saplings of various trees to students;
- 2) To guide the students about tree plantation.

In this activity, total 34 students have participated and the college has donated more than 50 saplings of various trees to students and college staff. The DLLE unit team also guided all the students about tree plantation, fencing around sapling, watering and various parameters related to surviving the plants. Our Ho'ble Principal Prof. M. S. Tadhasir, all teaching and non-teaching staff also assisted the DLLE unit.

2. Restricted Use of Automobiles

In college campus, entry of vehicles is restricted. Patterns of parking and driving around campus have significant effects on campus life and the environment at large. 50 percent of the staff use parking space for their private vehicles. This initiative helps in reducing pollution.

NOTICE

As per the decision of Governing Council the use of plastic in all areas/sections/departments of Vasantao Naik college of Arts, Commerce & A.R.Antulay science college Mhasala is prohibited from 23rd June 2018.

3. Ban on Single-use Plastics on the Campus-

Following the MHRD and UGC guidelines on 2 October 2019 to educational institutions across the country, college has issued a notification to Students and all Stakeholders that there would be a ban implemented on the use of single use plastics on the campus with effect from 15 October 2019. College has been constantly adopting practices and revising its policies towards a cleaner and plastic-free campus. The institution through its NSS, DLLE conducts sensitization programs on the harmful impact of single-use plastics and mandates all the students to avoid bringing non-bio-degradable plastic items to the institution, which include plastic bags, cups, plates, small drinking water bottles, straws and sachets. The institution facilitates environment friendly substitutes like stainless steel, washable and reusable tumblers at all water units and mandates the canteen to serve only in paper plates and paper cups to systematically ban the use of plastics on the campus.

4. PEDESTRIAN FRIENDLY ROAD

All around the college campus, tiles paved pedestrian friendly roads have been constructed for smooth commuting of students, faculty and other staff members of the institute. These roads are maintained on regular basis for keeping them free of mud, dust and any other vegetational growth. On either side of the roads, proper concrete boundaries are made and painted. These well-maintained roads add the beauty of the college campus.

Policy

POLICY TITLE: Disabled – friendly , barrier free environment

This policy has been prepared to ensure that all members of Vasantrao Naik College Of Arts , Commerce And Barrister A.R. Antulay Science College , Mhasala are aware of the facilities provided for the people with disabilities, The college takes almost care in providing the needed amenities and creates an environment of the inclusive education for students.

- Ensuring inclusion and effectiveness in the participation of disabled students in curricular , co – curricular and extra-curricular activities
- Assuring that the buildings, toilets, laboratories, etc. are barrier free and accessible for all types of differently abled persons
- Providing assistance to the students in the learning process apart from regular class hours
- Adopting suitable medium and method of teaching for the disabled students
- Permitting the people with disabilities to use their own personal assistive devices in the campus
- Providing assistance or facility needed in taking up examinations
- Updating the facilities available for differently abled in the campus
- Every member of the college is made aware of the amenities and facilities available for the disabled and support them to access the in-house resources.

POLICY STATEMENT

Vasantrao Naik College Of Arts ,Commerce And Barrister A.R. Antulay Science College , Mhasala is committed to enable differently -abled students, teaching and non-teaching staff to equally participate in the academic, social and cultural life of the College by providing infrastructural facilities , promoting inclusivity and non-discrimination, creating awareness and extending counseling support.

POLICY PURPOSE AND OBJECTIVE

- To ensure that all infrastructural development will be inclusive of facilities that will be conducive to the differently-abled.
- To enable the differently -abled to choose to study and work at Vasantrao Naik College Of Arts ,Commerce And Barrister A.R. Antulay Science College, Mhasala without hesitancy.
- To support differently -abled students and teachers to participate on an equal basis in the teaching - learning process , co- curricular and extra-curricular activities , and differently abled non teaching staff to carry on their assigned roles and duties.
- To empower and allow the differently -abled to grow and realize their aspirations in a sensitized environment.
- To eliminate barriers , discriminatory practice and social exclusion.
- To promote the rights ,dignity and self-worth of all individuals.

OUTCOMES:

The Persons with Disabilities (Equal Opportunities , Protection of Rights, and Full Participations) Act, 1995 entails barrier –free situations as a measure of non-discrimination to enable the differently – abled to access inclusive education. The University Grants Commission (UGC) enjoins higher education institutions, colleges and universities to support and empower the differently - abled. The UGC started the scheme of assistance to universities/colleges for higher Education for persons with Special Needs (HEPSN), providing for infrastructural support , inclusivity and non-discrimination. This policy is being put in place in pursuance with the 1995 Act and the UGC scheme to make Vasant Rao Naik College Of Arts ,Commerce And Barrister A.R. Antulay Science College , Mhasala provides barrier-free environment where people with disabilities can move about safely and freely and use the facilities within the built environment supports the independent functioning of individuals so that they can participate without assistance in everyday activities within the campus. Building/places/transportation systems are made barrier free.

RAMP

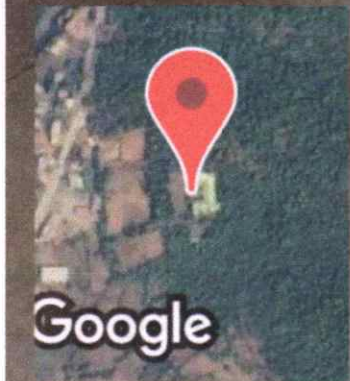

Ramps-Rails , an inclined plane , are built in addition to staircases. The ramps are carefully designed as per specifications to be used by the differently abled people. Ramps provide an alternative to stairs for wheelchair users , people with mobility issues and people with prams , bicycles and other wheeled items

Designed and fabricates various types of ramps suitable for entry and exit for various location required by wheel chair bound person or differently able people for easy move ability. The width provided of the ramp is 30” which is suitable for all sizes of wheel chairs.
